

# THE FIRESTARTER

June 13th, 2025

I DON'T MAKE MISTAKES. I CREATE UNEXPECTED LEARNING EXPERIENCES.

*It's the weekend!! Looks like it will be a lovely couple days ahead of us.*

*The fire ban is still on, no further updates from the fire chief or the RM of Gimli. But, I think we will need A LOT of rain before lifting the ban is even considered, just my opinion though. After the last rain, there wasn't even a hint of standing water... so the ground is soaking it all in.*

*All updates can be found at the Gimli.ca website. Just scan the QR code here*

*Sunday is father's day!! Happy Father's Day to all the dads, stepdads, grandpas, uncles, mentors, and father figures who make a difference every day!*

*Make sure you head over to the store for special treat!!*

## ***Dust?? That's so last season!***

*If you saw our post on social media, then you are aware that Damon and his amazing crew have been busy applying a dust suppression to the roads. It is somewhat reliant on moisture to have great results, which is why they soaked the roads first with water and the dust suppression quickly applied afterwards.*

*Damon is still concerned about the speed in the campground and he is worried that without the dust it will be more of an issue.*

*Please remember that it clearly states in our rules and regulations, "SPEED LIMIT: A speed limit of 10 K.P.H. within the park area is the limit, this includes golf carts. Be careful, don't speed and take extra care around corners, we have lots of children in the area and you cannot always see around the bend."*

*So just SLOW DOWN and get on lake time!! We are here to chill and relax. No need to to rush!*

WHICH PLANET IN OUR SOLAR SYSTEM HAS THE MOST MOONS?

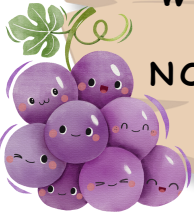

### ANSWER:

SATURN HAS 146 MOONS, ALTHOUGH OUR LOCAL ASTRONOMER, NORMAN, SAYS THAT THE COUNT COULD BE AS HIGH AS 280. ALTHOUGH I COULDN'T FIND RECENT ACKNOWLEDGMENT FOR THIS.

## YOU DON'T SAY

in 1948, a man wore 30 pound three towed lead shoes and walked around to Florida beach at night. The footprints made people believe that a 15 foot tall penguin was roaming their shores. He continued this prank for 10 years, visiting various beaches. The hoax wasn't revealed until 40 years later.
